This event has raised over \$300,000 since 1999!

Sponsored by the 2012 Junior Class of Lower Merion High School, A Taste of Lower Merion is a cooperative, volunteer-driven effort that benefits two important educational programs:

ABC House is a residential college preparatory program for academically gifted minority high school students from the inner city. It offers these students "a better chance" by providing access to the excellent academic program at Lower Merion High School. ABC House provides cultural enrichment activities and tutoring from the live-in staff members.

Lower Merion Township Scholarship Fund is a community-funded effort to provide post high school scholarship aid for financially needy graduates of the Lower Merion School District. Since the program's inception, nearly 2,000 area students have been able to achieve their educational goals through this scholarship program.

100% of the proceeds remain within the community for our most important asset - our township youth!
